

Weekly Grade

Assessed every shop week. Six things, in two groups: how you behave in the room, and how you work. Together they are 30% of your grade, and with Employability, half of it.

	Excellent	Good	Fair	Unsatisfactory	Poor
Safety	16.6 pts Follows all safety rules, maintains a clean work area and returns all materials to the proper place upon completing a task.	15.3 pts Follows the safety rules. Work area is left clean and materials put away, with an occasional reminder.	13 pts Follows the safety rules when reminded. Work area or materials are sometimes left for others to deal with.	8.6 pts Needed more than one reminder about a safety rule this week, or left the work area unsafe for the next person.	4.6 pts Ignored a safety rule, or was removed from a machine or the Makerspace.
Initiative	16.7 pts Stays on task, seeks additional work, offers assistance to peers, comes for help when needed, uses down time effectively between jobs.	15.4 pts Stays on task and asks for help when stuck. Uses most down time; occasionally needs a nudge toward the next job.	13 pts Stays on task when directed. Waits to be told what to do next; down time is not used.	8.7 pts Frequently off task, or avoids asking for help and stalls as a result.	4.7 pts Did not engage with the work this week.
Preparation	16.7 pts On time to class, agenda present, written instrument present, dressed to shop standards and ready for work, awake and alert.	15.3 pts On time and ready to work. Had to borrow, be sent to change, or wait to start.	4.7 pts Not prepared to work on most days.
Attitude	16.6 pts Demonstrates a positive attitude, interacts appropriately with others, uses appropriate language, maintains self-control at all times.	15.3 pts Positive and appropriate with others. A rare lapse in language or self-control, corrected without prompting.	13 pts Generally appropriate, but needed a reminder about language, tone, or how others were treated.	8.6 pts More than one reminder this week about language, tone or self-control. Interactions caused a problem for others.	4.6 pts Behaviour or language made the shop worse for the people in it.
Work Ethic	16.7 pts Work reflects the student's best efforts, cooperative, demonstrates peer leadership, stays on task, self-starter, uses proper language, never is publicly critical of the work of others.	15.3 pts Best effort on most work. Cooperative, stays on task, occasionally needs a start.	13 pts Effort is inconsistent. Works when directed. Cooperative when it is convenient.	8.7 pts Minimal effort. Needed to be restarted repeatedly, or was publicly critical of another student's work.	4.7 pts Did not put effort into the work this week.
Productivity	16.7 pts Provides work of the highest quality, actively looks for and suggests solutions to problems, routinely uses time well, routinely provides useful ideas when participating in group discussion.	15.4 pts Work is of good quality and time is used well. Contributes to problem-solving when asked.	13 pts Work is acceptable. Time is sometimes wasted. Contributes little to group problem-solving.	8.7 pts Work is below standard or incomplete. Time is often wasted. Does not contribute to solving problems.	4.7 pts Produced little or nothing usable this week.

Six criteria, roughly seventeen points each. The first four are behaviour; the last two are performance. You are graded on this every shop week, and it is worth more than any single project.
